"IF I HAD TO DO IT AGAIN, I WOULD BEGIN WITH CULTURE."
Jean Monnet, founding father of European Union

ABOUT THE PROJECT

InterActive EuroCulture is a youth exchange that will take place at the closest University City to the Eastern border of the European Union - Iasi, situated in Romania.

Are you familiar with the European Capital of Culture concept? This ingenious way to connect three distinct subjects: culture, European citizenship and volunteering has inspired us to apply the same mix of ideas in a youth exchange. During 10 days we will experience non-formal learning through study visits at places where the culture is quietly sipping its cocktail, debates about letting the “European” to enter the culture zone, workshops in which every participant will play the role of a cultural manager and the chance of getting into the cultural spotlight of the city by organizing an event.

You have the possibility to discover the role of culture in both building the European identity and establishing human connection, develop competencies of cultural management and apply principles of active citizenship in the development of your community from the cultural perspective.
